EIGHT AUTOMOBILES TO GO ON EXHIBITION AT MUSEUM

EIGHT AUTOMOBILES, an exhibition dealing with the esthetics of automobile design, will be on view at the Museum of Modern Art, 11 West 53 Street, from August 29 through November 11.

All the automobiles were selected for their excellence as works of art and for their relevance to contemporary problems of passenger car design. The exhibition includes automobiles designed between 1930 and 1951 in America, France, England, Germany and Italy.

In addition to the 8 cars to be shown on an elevated roadway paved with marble chips in the first floor galleries and in the Museum Garden, the exhibition will also include 13 enlarged photographs of well-designed automobiles.

Philip C. Johnson, Director of the Department of Architecture and Design at the Museum, has arranged the exhibition which will be accompanied by a 24-page illustrated catalog.
