Dear Sir:

Jean Tinguely, the artist who built the machine described in the enclosed release, will set it up in the center of the Sculpture Court Thursday afternoon. We hope it will be in place by 5 p.m. It will be set in motion at 6:30 p.m. and last about a half hour.

If you are interested in sending a photographer or camera man, would you please call me at CI 5-8900? Space is limited and we are naturally eager to be able to accomodate the press and the invited audience so that both can see the spectacle. If we know in advance which press to expect, we will be better able to help photographers find a good spot, on the ground or above; from which to shoot.

Sincerely,

Elizabeth Shaw  
Publicity Director
