FOR IMMEDIATE RELEASE

MUSEUM OF MODERN ART OPENS LARGE EXHIBITION OF
RECENT AMERICAN AND EUROPEAN ACQUISITIONS

A large group of acquisitions made during the past two or three years in both painting, sculpture and prints by American and European artists will be put on exhibition by the Museum of Modern Art, 11 West 53 Street, Thursday, February 15, in the second floor galleries of the Museum and will remain on view there through March 18. The acquisitions include six sculptures and constructions, twenty oils and twenty-one watercolors, gouaches and drawings.

In addition, an important group of thirty-five prints by Paul Klee will be shown for the first time by the Museum. These prints have been assembled over a period of years; there is no comparable group of Klee's graphic work in any museum in this country.

Several of the acquisitions have been acquired through the Lillie P. Bliss Bequest. Among these are Fruit Dish, oil, painted in 1909 by Picasso; Brancusi's bronze of 1915, The New Born; Feininger's Viaduct, oil, 1920; Kuniyoshi's Upside Down Table and Mask, oil, 1940; John Tunnard's Fugue, oil on composition board, 1938; an oil by Max Weber, The Geranium, 1911; and a watercolor made in 1916, Demon above the Ships by Paul Klee. There is also another oil by Weber, The Two Musicians, 1917, which was acquired through the bequest of Richard D. Brixey, and an additional watercolor by Paul Klee done in 1920, Christian Sectarian, which has been acquired through the Purchase Fund of the Museum.

A drawing in colored crayon, wash and ink, Seated Figures, No. 2, by the English sculptor Henry Moore, has also been acquired through the Bliss Bequest. A 1908 oil by Georges Braque, Road near Estaque, has been acquired by exchange. A large oil by the noted Chilean artist, Matta (Sebastian Antonio Matta Echaurren), Le Vertige d'Eros, 1944, is an anonymous gift.

Through the Museum's Inter-American Fund works by four other Latin-American painters have been purchased: The Angel Kidnappers

17
by Julio Castellanos of Mexico; Dream of Ecuador by the Ecuadorian, Camillo Egas, now living in the United States; Study for "The Children," pencil, 1938, by Jesus Guerrero Galvan of Mexico; Polyphemus, pen and ink, 1941, by Guillermo Meza of Mexico.

Through the Purchase Fund of the Museum have been acquired Red Votive Lights, oil, 1943, by Loren MacIver; Welders, tempera on composition board, 1944, by Ben Shahn; Threading Light, tempera on cardboard, 1942, by Mark Tobey; Don't Cry Mother, oil, 1938-44, by Philip Evergood; The Beautiful Bird Revealing the Unknown to a Pair of Lovers, gouache, 1941, by Joan Miro; and Portrait of Suba, oil, 1944, by Julian Levi, and many other works by both American and European artists.

A group of works by younger Americans give special interest to the exhibition: Pancho Villa, Dead and Alive, gouache with collage, 1943, by Robert Motherwell; Workers and Paintings, oil on composition board, 1943, by Honoré Sharrer; Monoprint, oil on paper printed with movable forms, 1944, by Harry Bertola; Composition, oil, 1942, by Virginia Admiral; and Drawing, pen and India ink, by Dorothy Hood.

12
