Art of Assembl.
St. Louis

May 17, 1962

Dear Bill,

May I thank you for your generous loan to the exhibition "The Art of Assemblage." As we expected, the reactions of the press to this show were varied and in some cases extreme. This is an indication, I believe, of its relevance to the current scene.

Now that so many requests are being made of collectors and dealers for the loan of works of art, we are especially grateful for your cooperation. Needless to say without the loan of this work the exhibition would not have been as successful as it was.

Enclosed is a receipt of delivery which I should appreciate your signing and returning in the attached envelope.

Sincerely yours,

William C. Seitz

Dear Bill,

Somewhat indirectly I have heard that you very much want to have Picasso's Bottle of Suze, now in the Art of Assemblage exhibition, in St. Louis by May 1. Naturally I am going to do everything necessary to have it to you by that date, because I have not forgetten that it was a very special favor to me for you to let this valuable work, which is not ordinarily lent, come to the show.

I am sending a copy of this letter to our Registrar, Dorothy Dudley, as a request that Bottle of Suze be returned to you, after the close of the exhibition, by May 1.

With thanks for the loan and best regards,

Dear Miss Frost:

A request has been made here at the University to have our Picasso collage, Suze, on exhibition some time during the first of May. I believe that your Assemblage show terminates in California around April 15th. I would appreciate very much if you could write that Museum and ask them to return our picture to us at their earliest convenience. (after the show closes)

Dear Bill:

This will acknowledge your letter of May 8, and I will see that The Bottle of Suze is shipped no later than September 11.

I received this morning a request from Gabriel White of the Arts Council of Great Britain for the loan of the University's painting by Max Ernst, The Eye of Silence. I am certain that ~~it~~ they will be satisfactory and I shall be able to confirm this after our committee meets on Wednesday of this week.

However, I should be interested to learn whether the Museum of Modern Art is going to handle the packing and shipping for overseas forwarding. It would make me feel much better if this were true. Could you let me know in regard to this?

Mr. White says that their exhibition will terminate at the Tate Gallery on October 15. This should mean that we would have our picture returned to us at the latest by December 15, 1961. I mention this because it will be included in a general Surrealist exhibition which I am organizing for the month of April for St. Louis. It is very likely that Southern Illinois University at Carbondale will also participate in the showing either during the month of March or the month of May.

As coming events also cast their shadows before, I shall be writing your museum some time during the summer with a request for loans!

With best wishes and looking forward to hearing from you, believe me,

Sincerely,

Bill

Dear Bill,

Many thanks for the loan form for your Picasso Bottle of Suze. It's wonderful that we may count on this for the Assemblage show.

About shipment, we can wait until you return on September 11, but I'd appreciate your sending it immediately thereafter. We understand that you will insure the work for $75,000 and bill us pro-rata for the premium.

All best,

Sincerely,

Dear Bill,

Jolting though the valuation is, I am, nevertheless, delighted that you are able to extricate the Bottle of Suze. It will be a magnificent addition to the exhibition, the title of which is "The Art of Assemblage" and which will open in the fall of 1961. It will include many varieties of collage and construction from found objects, works by Picasso, Braque, Duchamp, Schwitters, Miró, Cornell and other masters, and recent work by lesser known artists. A book, the first to survey the diverse types of assembled art, will be published in connection with the exhibition.

The schedule of the show follows:

Museum of Modern Art: October 2 - November 19, 1961
Dallas Museum for Contemporary Arts: January 9 - February 11, 1962.
San Francisco Museum of Art: March 5 - April 15, 1962.

I am enclosing a loan agreement form in duplicate, the original to be returned to us and the copy for your files. We shall, of course, be responsible for all costs of packing and transportation and shall insure the work from wall to wall under our regular fine arts policy.

We hope to receive loans not later than September 5. Please have the work shipped by Railway Express collect, with a value of not more than $650 placed on the box, and have the Museum billed separately for the packing charges.

It is of interest to survey the wide variety of materials used in assembled art. For this reason we are enclosing a special sheet affixed to the loan form, on which the materials and objects used can be listed. May I ask that you identify each material, or fragment employed in the work, or if this becomes too detailed, each type of material.

As I think I told you, we already have an unused color plate of this piece which will appear in the book.

Will you thank Mr. Hopkins for his letter and tell him that I will consider it carefully and let him know my reactions to it as soon as I can?

Gratefully yours,

William Seitz

Dear Bill:

I have checked the valuation figure on the Bottle of Suze by Picasso which we are lending to your Museum's exhibition "The Art of Assemblage", and all to whom I have spoken feel as I do that the figure of $75,000. is fair. So be it and so it shall stand. Further I have had the collage reframed and plexiglas substituted for glass, and I believe that the new frame has improved the looks and safety of the picture. The shipping date concerns me somewhat, and maybe we can iron this out some way. I leave here on June 9th to return on September 9th. No one has or will have a key to our storeroom. The picture can either be shipped June 9th or September 11th. In case it is shipped June 9th, the Museum of Modern Art will have to pay three months extra insurance. Let me know which it is to be.

I have noted in your letter that the Museum of Modern Art will assume all costs of packing and shipping, and of course our billing for the insurance pro-rata on our policy. We shall abide by your instructions of declaration of $650. on the box to the express company.

On the material situation, I shall fill it out to the best of my ability. Please let me know as promptly as possible about the sshipping date. Best wishes.

Sincerely,

Bill

Dear Arthur:

I spoke to Mr. D. David Thompson concerning his purchase of Raysse's Nécropole, luxe, et parfum, which he has given to the University of Indiana. He did not remember at that time whether he had paid for it or not, but inasmuch as we have not received our check for 10% of the selling price, that is for $50, it seems evident that his office did not get to it yet. I am sure that you will hear from Mr. Thompson on this in the very near future.

As for the photograph invoices we have been unable to find any record of them. Would you please send duplicate invoices so that we can take care of that matter also.

With best regards,

Dear Bill,

1) I refer to your letter dated November 13th regarding the purchase made by Mr. G. David Thompson of Raysse's "Nécropole, luxe, et parfum", to inform you that up to the time of writing I do not seem to have received the settlement for this purchase. I will be most grateful if you will kindly investigate and let me know something about this matter.

2) May I also take the liberty to draw your attention to the fact that my invoices for photos requested by the Museum (order n° 9313 dated September 7th, and n° 9314 dated same date) have also not been settled. Since I am drawing close to the end of the financial year, I would like to close these small accounts.

Thanking you I remain,

Yours sincerely,

Dear Arthur,

May I thank you for your generous loan to the exhibition "The Art of Assemblage." As we expected, the reactions of the press to this show were varied and in some cases extreme. This is an indication, I believe, of its relevance to the current scene.

Now that so many requests are being made of collectors and dealers for the loan of works of art, we are especially grateful for your cooperation. Needless to say without the loan of this work the exhibition would not have been as successful as it was.

Enclosed is a receipt of delivery which I should appreciate your signing and returning in the attached envelope.

Sincerely yours,

Dear Bill,

Thank you very much for your letter dated November 13th.

Although the price of Raysse has increased, I agree to let it go for 500$. I also agree naturally for the 10% commission to be deducted from the selling price.

Regarding the further loan of the piece by Mr. Thompson, I agree to whatever you decide is the best solution and I am willing to wait for payment until such time it will be agreable to Mr. Thompson.

I would like to ask you a favour: I am having an important Baj exhibition next month and I am publishing a very beautiful catalogue on this occasion. I would like to send it to some of the collectors I have noted listed on p. 153 of your most interesting book. I am enclosing herewith the list of the people which interest me. Could you have it completed with the addresses?

Naturally I would be quite prepeared to pay for any secretarial charges.

I thank you in anticipation and remain,

Yours sincerely

Dear Arthur,

Mr. G. David Thompson, 4554 Brownsville Rd., Pittsburgh 36, Penn., is interested in purchasing Martial Raysse's Nécropole, luxe, et parfum now being shown at the Museum in the exhibition "The Art of Assemblage." In the loan agreement form you have listed the selling price at $500. As is specified on this form, the selling price "shall be understood to include a ten percent handling charge for The Museum of Modern Art."

If this piece is still available at this price, the Treasurer's Office of the Museum will bill Mr. Thompson asking for two checks: one in the amount of 90% of the selling price plus sales tax computed on 100%, payable to you, and the other in the amount of 10% of the selling price, payable to the Museum. Delivery will be postponed for some time because of the duration of the exhibition, and if Mr. Thompson wishes to defer payment until delivery we shall inform him that the 10% due the Museum is due immediately. If it is your wish to conclude this transaction with Mr. Thompson would you please authorize us to deliver the work to him at the concludion of the exhibition.

With sincere thanks for your assistance in making the Assemblage exhibition a success.

Dr. William C. Seitz,
Associate Curator,
The Museum of Modern Art,
11 West 53rd Str., New York 19.

Dear Bill,

Many thanks for your kind letter dated may 17th, and please accept my apologies for the delay in answering, but your letter arrived a few hours after I had left Milan for a somewhat lenghty tour in Europe. So I was not here to take care of it.

I naturally perfectly agree to loan you everything requested with your letter dated may 17th, and, regarding photos, I am sending them by separate cover, with the forms filled, as follows:

Spoerris' Le petit déjeuner de Kichka (this photo will be sent direct by Spoerry)
Arman and Raysse's items,(I am waiting for the photos, following soon)
You will find therefore in the parcel with the forms filled the photos of the following works:
- Baj's Shouting General
- Baj's Mirror
Dominguez's "1955"
- Picabia's "Centimeters"
- Oppenheim's Squirrel

May I draw your attention to the fact that there is one name which should have deserved maybe your attention, and that is Farfa's who, as you know, has been a futurist, and most probably the first italian dadaist, since his work, in that line and with collages, dates as far back as 1920. Of Farfas' there was an interesting portrait of the poet Marinetti (a collage dated 1923). I am mentioning this fact because I know you have seen so many things in Europe that it may have slipped our of your mind, and I really think that Farfa is important for your exhibition. I have also airmailed the catalogue of the exhibition of Del Pezzo, which has been a very great success, and Persico's new work is also of very great interest, his catalogue will be ready very soon, because his exhibition is opening on the first of july. I will airmail it to you so that you may decide whether it would be of any interest to include one of their works too. I apologize for calling to your memory the works of these three artists but I really believe they would be most interesting. I know you have also the space problem to solve so, I would quite understand it if you should stick to your decision not to include their works.

With best regards,

Dear Arthur,

I warned you that my correspondance on returning from Europe would be slow, but I hardly thought it would be as glacial as this. The pressures of the ideas we share, plus other matters including limitations of space, are making selection of the exhibition difficult. I wanted to postpone making any requests of you until I was sure that they would not have to be abandoned later. The present list may not be complete, so will you retain this letter as reference and I shall send you a loan form with a covering note for any other things.

The exhibition is going to be called "The Art of Assemblage," and will open in the fall of 1961. It will include many varieties of collage and construction from found objects and materials: an introductory group of primitive and popular objects, work by Picasso, Braque, Duchamp, Schwitters, Miró, Cornell and other masters, and recent work by lesser known artists. A book, the first to survey the diverse types of assembled art, will be published in connection with the exhibition.

The schedule of the show follows:

Museum of Modern Art: October 2 - November 12, 1961
Dallas Museum for Contemporary Arts: January 9 - February 11, 1962
San Francisco Museum of Art: March 5 - April 15, 1962

Because of the current interest in unorthodox media, and the philosophical questions that it raises, we expect this to be a topical, perhaps even controversial exhibition. Therefore my request for the loan of the following works from your collection has been made with special care:

Le Petit Déjeuner de Kichka, by Daniel Spoerri

Artériosclérose, Arman

Nécropole luxe et parfum, by Martial Raysse

Shouting General by Baj (was in Baj's studio)

Mirror, by Baj (see enclosed photo-copy) we plate ✓

"1955" by Dominguez

Les Centimetres, by Picabia

Squirrel ? (the beer glass) by Oppenheim

I am enclosing a loan agreement form in duplicate for each work, the original to be returned to us and the copy for your files. We shall, of course, be responsible for all costs of packing and transportation and shall insure the works from wall to wall under our regular fine arts policy. May I urgently request, however, that this figure be kept within the true value of the works, for unless the present inflationary tendency of valuation is stopped the scope of this exhibition, and indeed of our entire program, must be drastically curtailed. Reasonable valuations are especially necessary in the case of European loans, for insurance costs for work in ocean transit are 13 times greater than those for domestic shipments.

We hope to receive loans in New York not later than August 28. Our Milan agent, Züst-Ambrosetti, Viale Vittorio Veneto 22, will get in touch with you to arrange for packing and shipment.

As you may know, the Iolas Gallery in New York has many things by Crippa, so to save insurance and shipping costs I am choosing a work from there. The other things we have discussed, I am afraid, must be eliminated because of lack of space.

I heard that you acquired many of the Spoerris in your exhibition. "The Breakfast" is my first choice for the exhibition, if it remains in good condition and can be safely shipped. I had a photograph of it which is unfortunately lost. La Poubelle n'est pas d'Arman!, Attention oeuvre d'art, and Ci git Jean Omerts would be possible substitutes, as well as the tray and coins.

have photos

It is of interest to survey the wide variety of materials used in assembled art. For this reason we are enclosing a special sheet affixed to each loan form, on which the materials and objects used can be listed. May I ask that you identify every material, or fragment employed in each work, or if this becomes too detailed, each type of material.

It is our intention to illustrate the book with many of the objects in the exhibition. If you already have photographs, would you please send us two prints of each work; or if it is more convenient, we can order directly from the photographer if you will give us his name and address. The bill can be addressed to Miss Alicia Legg here at the Museum. Because the book is going to press soon I would appreciate having these photographs as soon as it is convenient.

May I tell you how extremely grateful I am for your kindness during my visit to Milan and how gratified I was to receive your scholarly books. I have not given them the attention I hope to when I am freer, but I have mentioned them and the exciting work which your gallery is doing to everyone whom I think would be interested.

Dear Joe,

May I thank you for your generous loan to the exhibition "The Art of Assemblage." As we expected, the reactions of the press to this show were varied and in some cases extreme. This is an indication, I believe, of its relevance to the current scene.

Now that so many requests are being made of collectors and dealers for the loan of works of art, we are especially grateful for your cooperation. Needless to say without the loan of this work the exhibition would not have been as successful as it was.

Enclosed is a receipt of delivery which I should appreciate your signing and returning in the attached envelope.

Sincerely yours,

Dear Joe,

In looking at the loan agreement forms for your two works in the assemblage show, I noticed that you have marked Schwitters Train New York only as well as the Painted bottle with carved stopper by Magritte. It was my understanding, when talking with you last, that this work was to tour with the exhibition.

Would you please let me know whether this is an error, or whether you also wish to eliminate the Schwitters from the second and third showings.

Mr. Joseph R. Shapiro

Dear Joe,

L.F.s ?

You probably have been wondering why you have not heard from me concerning the exhibition, which is now called "The Art of Assemblage." As you can imagine, having so many possibilities and being limited in space, makes selection difficult. I think you will be happy to hear that I have decided to include Bouras. I have photographs of the things I mentioned to him, and had more or less planned to include one of those rather than yours, mainly because they are more noticeably assemblages rather than paintings. I have heard, however, that he has been doing new things of a different type. Do you feel I should see photographs of any of these before making a choice?

I am enclosing loan forms for the Bottle by Magritte and the Schwitters collage which I called "classical" in my first letter to you. At the time I was too occupied with looking to write. As I may have told you, the show will include many varieties of collage and construction from found objects and materials: an introductory group of primitive and popular objects, work by Picasso, Braque, Duchamp, Schwitters, Miro, Cornell and other masters, and recent work by lesser known artists. A book, the first to survey the diverse types of assembled art, will be published in connection with the exhibition.

The schedule of the show follows:

Museum of Modern Art: October 2 - November 12, 1961
Dallas Museum for Contemporary Arts: January 9 - February 11, 1962
San Francisco Museum of Art: March 5 - April 15, 1962

You will find that the enclosed loan forms are in duplicate, the original to be returned to us and the copy for your files. We shall, of course, be responsible for all costs of packing and transportation and shall insure the works from wall to wall under our regular fine arts policy. May I urgently request, however, that this figure be kept within the true value of the works, for unless the present inflationary tendency of valuation is stopped the scope of this exhibition, and indeed of our entire program must be drastically curtailed.

We hope to receive loans not later than September 5. Please have the work shipped by Railway Express collect, with a value of not more than $650 placed on each box. Packing charges are to be billed separately to the Museum and not to be included in the express charges.

FOR STUDY PURPOSES ONLY. NOT FOR REPRODUCTION.

The Museum of Modern Art Archives, NY	Collection:	Series.Folder:
	MoMA Exhs.	695.7

It is of interest to survey the wide variety of materials used in assembled art. For this reason we are enclosing a special sheet affixed to each loan form, on which the materials and objects used can be listed. May I ask that you identify every material, or fragment employed in each work, or if this becomes too detailed, every type of material.

It is our intention to illustrate the book with many of the objects in the exhibition. If you already have photographs, would you please send us two prints; or if it is more convenient, we can order directly from the photographer if you will give us his name and address. The billcan be addressed to Miss Alicia Legg here at the Museum. Inasmuch as the selection of illustrations must be made within the next month, I should appreciate having these photographs at your earliest convenience.

I shall hold up a request letter to Bouras until I hear from you.

Best wishes to you and Mrs. Shapiro,

William C. Seitz

I decided not to use the very beautiful piece called Hybrid, which I know very well, after I saw the type of things which you are doing when I was in Amsterdam. Somehow I felt them to be more appropriate for this exhibition.

Eleanor Ward has spoken to me several times about your new work, and seems to be interested in continuing to show it.

ART OF ASSEMBLAGE

29 June 1961 Tajiri

Dear Mr. Seitz,

Enclosed find completed forms. Abit late but since you left Amsterdam I've been hard at it day and night and finally finished a large welded brass sculpture, 20 ft across and 7 ft high, which will stand permenently in the city of Arnhem, south Holland. It was officially inaugurated last week by the mayor of the town and 'our' Prince Bernard came down for a look. I'm sending under separate cover somes photos of the sculpture with more prints of the 'Samurai' for your 'Assemblage' show.

A propos the exhibition it has occurred to me that you have a sculpture of mine in the MOMA collection that would fall within the framework of the theme. It's a piece donated by G.D. Thompson called 'Hybrid' 1959-60. It is constructed, except for a few cast parts, entirely of bronze drippings bought from industrial foundries. These bronze 'overflows', which I hammer, cut and braze together to make a sculpture, are ~~later~~ NORMALLY remelted for other castings. The pieces have always resulted in casting, but I believe never before used to make a sculpture. I wouldn't object to being represented by this sculpture since I feel it is the best of this period 1957-60. Let me know what you think.

IN THE → PROCESS

Everything fine here. Beautiful weather for a change. I've started a large brass sculpture for myself which will stand 10½ ft high.

Best wishes.

Sincerely,

S Hayter

Dear Monsieur Tajiri:

Thank you so much for the photographs of your sculpture. I have decided to put Samurai in the exhibition, "The Art of Assemblage," the schedule of which follows:

Dallas Museum for Contemporary Arts: January 9 - February 11, 1962
San Francisco Museum of Art: March 5 - April 15, 1962

We shall, of course, be responsible for all costs of packing and transportation and shall insure the work from wall to wall under our regular fine arts policy. May I urgently request, however, that this figure be kept within the true value of the work, for unless the present inflationary tendency of valuation is stopped the scope of this exhibition, and indeed of our entire program, must be drastically curtailed. Reasonable valuations are especially necessary in the case of European loans, for insurance costs for work in ocean transit are 13 times greater than those for domestic shipments.

We hope to receive loans in New York not later than August 28, Our Amsterdam agent, H. Hackenitz, N.V., Keizersgracht 83, will get in touch with you to arrange for packing and shipment.

Today I talked to Eleanor Ward about the three pieces and she would like to look at the photographs of them. If she is interested in having the originals sent to the gallery, and if you would be interested in sending them to her, I could get Samurai from there instead of from you.

It is of interest to survey the wide variety of materials used in assembled art. For this reason we are enclosing a special sheet affixed to the loan form, on which the materials and objects used can be listed.

I already have one photograph of Samurai but would appreciate your sending another print. Inasmuchaas the installation of the exhibition and the photographic layout of the book must be planned within the next few weeks, I should appreciate having the loan form and the photograph as soon as possible.

Thanking you for your cooperation.

Dear Dave,

Dorothy Dudley has asked me to let you know that, of the works you bought from the Assemblage show, Cornell's Space Object Box has been prepared for carrying in a cardboard box, and Raysse, Nécropole, luxe et parfum, has been packed in the original box so that it can be send Railway Express if you wish it.

I am going to be away for the next Collections Meeting, but hope to be in Pittsburgh for a day or so before the Carnegie show closes.

Dear Dave,

The Ferus Gallery, 723 North La Cienega Blvd., Los Angeles 46, has agreed to the sale of Cornell's Space Object Box at the price of $2,200.

As you know, this price includes a 10% handling charge for the Museum of Modern Art. The Treasurer's Office of the Museum will bill you asking for two checks: one in the amount of 90% of the selling price plus sales tax computed on 100%, payable to you, and the other in the amount of 10% of the selling price, payable to the Museum.

Inasmuch as we have decided that this work is too fragile to ship with the exhibition, we shall hold it here until the transaction is finished and you advise us about delivery.

I just finished reading the Saturday Evening Post's version of the great robbery at Stones-Throw.

With best regards,

Dear Dave,

It was a real disappointment to end up in bed rather than dining with you and everyone at the opening of the Carnegie. I am now headed for Milwaukee and a jurying job on Monday, but before I go I should like to confirm your selection of works for purchase from the Assemblage exhibition. Of the five which, as I remember it, you selected, John Baxter's Instruments at the Silence Refinery ($1000), Joseph Cornell's Space Object Box ($2,200), and Raysse' Nécropole, luxe, et parfum ($500) are available.

It is possible that the Ferus Gallery did not consider the Museum's 10% fee in the price ($2,200) which they gave me verbally, because on the loan form it is $2,400. I have written them on the assumption that they will sell it for $2,200 and include the Museum's handling charge. I shall let you know what they say.

You also had a first refusal in for Jean Tinguely's Monstranz ($1,200). Inasmuch as this work is gradually destroying itself, however, I should recommend that you consider it carefully. It is a fascinating piece and with some careful adjustments could be made to exist in a private collection, but I shall probably substitute another piece for the tour of the exhibition. However, until you let me know otherwise, I shall keep your first refusal on it.

As you know, the Museum wishes to acquire Indiana's Moon, and George Cohen's Anybody's Self Portrait if it is available.

Among the works which you have not mentioned may I recommend Samurai by Tajiri ($1,500) which I feel to be an extremely fine work. I also think that Baj's Shouting General ($2,175) is a fine example of this artist's work.

Looking forward to seeing you soon.

Yours,

Mr. Barr's secretary has told me that you were expecting us to return four assemblages by Joseph Kagel. Your letter of June 21 notified us that you were sending three works by this artist, and that is the number we received according to our records.

Please let us know if this is not satisfactory.

Dear Dave:

I have looked carefully at the three works by Joseph Kagle. Much as I should like to add them to the exhibition, I think they are derivative, and not up to the standard of the rest of the show. Under these circumstances, I know you would not want me to include him.

At the present time we are in the process of finishing the book, and I have put in a photograph of your Seated Woman by Laurens. I would appreciate a confirmation of the loan as soon as possible and/or the green slip, so I will know before the book goes to press whether or not you wish to lend it.

Dear Bill:

Via Railway Express, I am sending you three "Assemblages" by Joseph L. Kagel, Jr. the young Pittsburgh Painter of whom I spoke to you. Perhaps you may find one of these pictures interesting enough to include in your forth-coming exhibit "Art of Assemblages."

I would appreciate your comments on the work submitted and when you have finished with them, kindly have them returned to me.

The Artist is sending you a color transparency of a large "assemblage" he has in his studio which he thinks well of but it is too large to send without an invitation to do so.

Along with this photo will likely be a letter, I gave him to send you. This was prior to talking with you on the phone.

I enclose herewith two sheets containing some information about the Artist. I found him a stimulating young man. There was explosive excitment in his studio, art in the raw as it were, struggling to be born.

Trust this finds you well, I am off for a few days to Europe.

Best wishes,

Dear Dave:

As you know, The Museum of Modern Art is preparing an international exhibition, "The Art of Assemblage," which will open in the fall of 1961. It will include many varieties of collage and construction from found objects and materials: an introductory group of primitive and popular objects, work by Picasso, Braque, Duchamp, Schwitters, Miro, Cornell and other masters, and recent work by lesser known artists. A book, the first to survey the diverse types of assembled art, will be published in connection with the exhibition.

The schedule of the show follows:

Museum of Modern Art: October 2 - November 12, 1961
Dallas Museum for Contemporary Arts: January 9 - February 11, 1962
San Francisco Museum of Art: March 5 - April 15, 1962

Because of the current interest in unorthodox media, and the philosophical questions that it raises, we expect this to be a topical, perhaps even controversial, exhibition. Therefore my request for the loan of Seated Woman, 1918, by Laurens from your collection has been made with special care.

I am enclosing a loan agreement form in duplicate, the original to be returned to us and the copy for your files. We shall, of course, be responsible for all costs of packing and transportation and shall insure the work from wall to wall under our regular fine arts policy. May I urgently request, however, that this figure be kept within the true value of the work, for unless the present inflationary tendency of valuation is stopped the scope of this exhibition, and indeed of our entire program, must be drastically curtailed.

We hope to receive loans not later than September 5. Please have the work shipped by Railway Express collect, with a value of not more than $650 placed on the box. Packing charges are to be billed separately to the Museum and not to be included in the express charges.

It is of interest to survey the wide variety of materials used in assembled art. For this reason we are enclosing a special sheet affixed to the loan form, on which the materials and objects used can be listed. May I ask that you identify every material, or fragment employed in the work, or if this becomes too detailed, each type of material.

Inasmuch as the installation of the exhibition must be planned within the next few weeks, I should appreciate having the loanform as soon as possible.

Thanking you in advance for your cooperation.

Yours very sincerely,

I just talked to Mrs. David Savage, Man Ray's niece. I explained that we couldnIt release the Mr. Knife and Miss Fork to her without authorization from Jean Larcade. She gently pressed me to do this, but agreed to wait until we have written Larcade once more. She at the same time will write to Man Ray.

Please check my letter to Larcade before it goes out today.

Mrs. Savage xxxxxx sounds very nice and would like to meet you sometime.

Dear Mr. Larcade:

Thank you for your letter of May 17 in which you ask us to deliver the two works by Man Ray to Mr. Bernard Reis. We have been in touch with Mr. Reis and he prefers not to receive these works. In the meantime, Miss Georges Marci wrote to Mr. Seitz to say that the collage, Theatr, belongs to you but that the assemblage, Mr. Knife and Mrs. Fork, should be delivered to Man Ray's niece, Mrs. David Savage of Drakes Corner Road, Princeton, New Jersey. Mrs. Savage has also written to say that this work is to be released to her and that these are the wishes of Man Ray.

As many of us will be going on vacation at the beginning of July, we should like to settle this matter as soon as possible and I am writing you to ask if we may return Mr. Knife and Miss Fork to Mrs. Savage. If we do not hear from you to the contrary by July 1st, we shall do this. We shall hold the collage, Theatr, in your name here at the Museum until you arrive in New York in the fall.

Sincerely yours,

Dear David:

Attached is our list of the works of art in "Art of Assemblage" to be packed for van shipments to Dallas, San Francisco and return to New York. As you know, we will dismantle the exhibition Sunday night and will have several pictures ready for Rudi to pack early Monday morning.

Another list and Project Order (No. 2867) will be sent for packing the loans which must be returned to the lenders after the exhibition closes.

Note to Rudi: On Monday afternoon we want to discuss with you the packing of several objects that we will set aside in the Recording Room. We can then decide which can be packed together.

Dear Bill and Owen:

This will confirm our arrangement for you to work with Marianne Gannon Sunday night, November 12, dismantling the third floor Assemblage exhibition. All objects are to be removed and taken to the Mezzanine, except the Chamberlain installed on the entrance wall. I have arranged with Mr. Schmidt for Mike and Tom to help remove the Chamberlain at 9 o'clock Monday morning and install it on the fire tower wall opposite the door opening into the galleries. Please note that the Cesar compressed automobile will also be installed in the fire tower. Please leave it on the platform truck until Miss Miller gives instructions as to exactly where it is to be placed.

I understand that you will either dismantle the photograph exhibition in the auditorium galleries on Sunday night or early Monday morning. Since I am issuing Project Order No. 2902 to cover your overtime for both exhibitions, please notify Mr. Schmidt of the time spent dismantling the photographs.

I am having the empty boxes for the Assemblage exhibition delivered Monday so that Rudy will be able to start packing Tuesday morning.

Re 50 photos selected for C/E should have new loan numbers. Use present loan forms to work with until new ones arrive. I have asked Grace Mayer whether all remaining photos are to be boxed here and returned immediately.

Re: Hanging works from Assemblage show in Fire Tower

From: Dorothy Miller

Dear Dick:

Alfred and I would like very much to exhibit in the anteroom to the fire tower on the ground floor two bulky objects from the Assemblage show. One is the César Yellow Buick which is now in the Museum's Collection. The other is the huge John Chamberlain sculpture which we may acquire and would like to keep on the premises in the meantime.

Both these pieces present extremely difficult problems because of size, weight and the fact that they cannot go outdoors because they would rust. We would therefore want to have them exhibited rather permanently in this proposed location just as the Nakian steel sculpture has been and will again be exhibited in the fire tower.

I would like to be sure from you and Mr. Haviland that this is possible from the point of view of fire regulations. Could we possibly decide this tomorrow, Friday, since the show is being dismantled and I must give directions for the placing of these two pieces.

DCM says OK to put in fire tower

I have just talked to Mrs. Matisse who says that the Mona Lisa by Duchamp can be picked up at the Gallery for the assemblage show.

[illegible] that control the two kinetic sculptures by Tinguely. Concerning these, one belt has already been broken so that it fails to turn. I believe Bill Roden has been asked to locate new belts if possible. However, I have been informed that Bill Klüver (78 Southgate Rd., Murray Hill, N.J. Telephone: (11) 582.3656), who assisted Tinguely with the Museum demonstration, has offered to make any necessary repairs on the Tinguelys.

One answer to the safety of the exhibition is of course to have at least four or five guards on the floor at all times. I realize that funds are not available for this, but we must do what is necessary to prevent vandalism.

Because the Matisse show is opening in less than two weeks and will also have to be scrupulously maintained, it might be advisable to get extra help, as I understand our porters already have more than they can take care of throughout the whole Museum.

Re: Maintenance and Security of Assemblage Exhibition

This is to inform you of several specific problems we are encountering in the assemblage exhibition:

The glass cases and plexiglas vitrines and some of the pictures require daily cleaning, and the various platforms need regular dusting and checking for scuff marks on them and on the walls.

The lights must be checked for possible re-lamping.

As I said the other night, I am worried about security in this show. Already the cap on the canteen in Enrico Baj's Shouting General has been stolen. I also understand that the guards have been encouraging spectators to raise the table cover on Nicholas Jane Doe. I placed it on the platform to avoid this, and do not want anyone encouraged to touch anything except for the switches that control the two kinetic sculptures by Tinguely. Concerning these, one belt has already been broken so that it fails to turn. I believe Bill Roden has been asked to locate new belts if possible. However, I have been informed that Bill Klüver (78 Southgate Rd., Murray Hill, N.J. Re: Kierzkowski in Assemblage show

From: Alicia

Peter took Mrs. Rockefeller through the Polish show today and she has reserved two items -- he also showed her the Kierzkowski Textured Composition Number 91 for the Assemblage show, which is in the Mezzanine.

She would like to reserve this, so I suppose we should notify the Galerie Chalette and get her to sign a loan form eventually. Should I credit it to her in the catalog list?

Dear Alicia:

Alfred took with him to Vermont our only copy of the Museum check-list containing insurance values. The Registrar's files no longer record insurance values, and all galleries are closed. It is therefore not possible for me to give you by August 1 firm insurance values on all the works which we are lending to the Art of Assemblage. We shall give them to you as soon as possible thereafter.

Re: Bergman loans to Assemblage

Please note: Mr. Bergman returned all his loan forms and among them is the Cornell Hotel Bon Port: "Anne in Memory" which we had requested from Richard Feigen. Feigen's gallery must have sent him the green slip and signed. which he changed/ I think this will be fine for our records.

I just noticed that Tzara has written on the "medium sheet" for both of his Arp reliefs the following:

Très important: Cette oeuvre doit être de retour pour l'exposition rétrospective de Arp au Musée d'Art Moderne qui aura lieu en février 1962.
Arp tient absolument qu'elle y figure. Prière confirmer.

Re: Works by Schwitters from the Museum Collections to be included in the Assemblage exhibition

On looking over the collages by Schwitters in the Museum Collections it seemed that it would be interesting to include all 24 of the Museum's works in the New York showing. The small ones lend themselves very well to close hanging, and the inclusion of the whole group would offer another instance of the scale of the Museum Collections.

For the traveling exhibition I should like to include not more than 8 MOMA works, to be selected from the list below:

SD
Ret mtl

27.54	Cherry Picture
258.35	Santa Claus
191.53	Merz 39
190.53	Merz 22
196.53	Merz 448 (Moscow)
97.36	Merz 379 Potsdamer
198.53	Merz 704 Bühlau
199.53	Merz 2005 Constantinople
202.53	Merz drawing
193.53	Merz 458
197.53	Merz with Emerka Wrapper

Inasmuch as loan letters for Schwitters collages from outside are contingent on inclusions from our Collection, could you let me know soon how you feel about this?

Dear Bill:

Thank you for your memo of May 4 about showing all the Museum's Schwitters. I think this is a fine idea.

As to those which you would like to have in the traveling exhibition I see no objection, although possibly Alfred will, to those you ~~like~~ want. The possible exception is the Cherry Picture which may be a little more fragile. However, I think we can check it, and it is already covered with plexiglas.

Re: Jacket for Assemblage Book

From: William C. Seitz

In line with our discussion of the assemblage book jacket here are a few suggestions:

1) "the art of" should be small, with emphasis on ASSEMBLAGE

2) The design could be built up of the terms used for the various types of work indicated by the title thus defining it immediately:

papiers collés
collages
photomontages
readymades
combine paintings
assisted objects
surrealist objects
MERZ
exquisite corpses
décollages
sacks
agglomerates
environments
shaped pictures
happenings
events
clouages
assemblays
arrangements
affiches lacerés
boxes
constructions
nouvelle realisme

She said we should send our men over to their shipping room on the morning of Monday June 19th, to collect the picture. Would you please arrange to do this?

I'm returning Bill Seitz' cable to you about the Burri collage, Tutto nero. I called Mrs. Kimball, Miss Skouras' assistant here (233 West 49 Street; JU 6-500) and found that she had had a letter from Miss Skouras telling her it would be lent to the Museum. It is in storage here now. According to my schedule the collage show doesn't open until Setpember, but evidently Bill wants the Burri brought to the Museum right away. I think probably Mrs. Kimball would release it to the Museum but she may be awaiting more direct authorization from Miss Skouras.

Do not collect this until Mr. Seitz returns. I hope it will remain in storage until needed for the exhn. OD

I am sorry that I did not know of the work by Kaman sooner. Somehow it was missed when the collection was gone over with the exhibition in view. Although I have not seen it, I can tell it would be a very strong addition, but unfortunately the show is already very crowded and it would be a mistake to add it now.

Re: MOMA loans to Art of Assemblage

Dear Bill:

Alfred and I have been over your request for loans from the Collections to the Art of Assemblage. We shall be delighted to have you use everything you have listed.

The only reservation is that several items should be for New York only, since they are too delicate to travel. These are:

for N.Y. only

150.53 Duchamp. To be Looked at with One Eye, Close to, for almost an Hour

151.53 Duchamp. Fresh Widow

193.55 Dove. Portrait of Alfred Stieglitz

636.39 Dove. Grandmother

There is also some question about whether the following can travel safely:

474.53 Cornell. Taglioni's Jewel Casket

5.51 Cornell. Central Park Carrousel -- 1950, In Memoriam

248.48 Gris. Breakfast

The only reason I list the Gris in this category is that when we lent it once before under plexiglas the static electricity caused all the collage to lift very seriously and it had to be restored by the Kecks who cautioned against using plexiglas ever again on this picture. The problem, therefore, is whether it can travel safely under taped glass.

We shall have to devise some method for handling the Sears Roebuck catalog safely also.

Works by Submitters from the Museum Collections to be included in the Assemblage exhibition

On looking over the colleges my Submitters in the Museum Collections it seemed that it would be interesting to include all 24 of the Museum's works in the New York showing. The small ones lend themselves very well to close hanging, and the inclusion of the whole group would offer another instance of the scale of the Museum Collections.

For the traveling exhibition I should like to include not more than 8 MOMA works, to be selected from the list below:

SD

57.54	Cherry Picture
258.35	Santa Claus
192.53	Nara 39
190.53	Nara 22
196.53	Nara 148 (Heaven)

On looking over the collages by Sculptors in the Museum Collections it seemed that it would be interesting to include all 24 of the Museum's works in the May 5 show. The small room that Dorothy Miller will be given for hanging, and the inclusion of the whole group would offer another instance of the scale of the Modern Collections.

For the traveling exhibition I should like to include not more than 9 other works, to be selected from the list below.

Re:

The following Schwitters are still to be brought to the 3rd floor; the asterisked ones are now on the 2nd floor and I hope can be brought up on Monday with the Gris Breakfast.

18.50 Picture with Light Center

*27.54 Cherry Picture

258.35 Merz: Santa Claus

*197.53 Merz: with Emerka wrapper

Dove * grandmother

Mr. Morton Neumann seems to have sent a different Schwitters from the one we had expected, which was Important Wartime Suggestion. The picture we have is called Du Mauri. 1947. Bill Seitz says we will hang this one and if Mr. Neumann sends the correct one, we'll hang them both. We shal not send Du Mauri on tour however. I expect we will hear from Mr. Neumann about this but if not we'll see him at the opening, and straighten it all out.

Note: Jean Volkmer kept the Haberle (~~1191~~) (61.1494) in her lab and it is still there with the glass removed from the frame. Would you please have Bill and Owen take this down to Andy to be put back in shape to hang, as soon as possible. This will be in one of the first galleries.

Dear Bill:

Alfred wants to lend you the Miro Object, 1931, #7.61, but we feel the Relief Construction, #259.37 is too vulnerable.

The Object, 1931 should be on the list of things which must be exhibited under glass or otherwise out of reach of hands.

Re: Miro for Assemblage

The three works by Mirò in the Assemblage show are not going to Dallas and San Francisco. I wonder if it would be possible to replace at least two of them with the following from the Collection:

259.37. Relief Construction. 1930

7.61. Object. 1931

In your memorandum June 19, you expressed some doubts over the two Cornells and suggested that if the Gris goes on the tour it should be put under plastic. As you know, there are several other Cornells which are equally delicate in the exhibition, and they should be packed together in one container and uniformly for special handling. I have indicated in the exhibition list that these works will go to Dallas and San Francisco, and very much hope that this can be the case. If you have any objection, will you let me know as soon as possible because I shall be able to correct the list if I know right away.

After our preliminary memoranda and conversations, I doubt if there will be any problems concerning the remainder of the requests which are listed below:

Arp.	Collage with Squares Arranged According to the Law of Chance.	457.37
Baader.	The Author in His Home.	275.37
Baargeld.	The Red King.	283.37
Cornell.	Taglioni's Jewel Casket.	474.53

Re: ~~MOMA LOANS TO ASSEMBLAGE~~ EXHIBITION

Dear Dorothy:

Forgive me for being so late in sending the final request list for the assemblage exhibition. I postponed it intentionally until the list was complete and then was interrupted by a flood of galley and page proof.

The following requests refer to the New York showing only:

Dove. Grandmother. 636.39.
Portrait of Alfred Stieglitz. 193.55.

Duchamp. Fresh Widow. 151.53.

As we have agreed, I am planning to show all of the Museum's Schwitters' collages in New York. This can serve as a request for all of those not listed below, which are being requested for the entire tour.

In your memorandum June 19, you expressed some doubts over the two Cornells and suggested that if the Gris goes on the tour it should be put under plastic.
