

CONDITIONS OF USE FOR THIS PDF

The images contained within this PDF may be used for private study, scholarship, and research only. They may not be published in print, posted on the internet, or exhibited. They may not be donated, sold, or otherwise transferred to another individual or repository without the written permission of The Museum of Modern Art Archives.

When publication is intended, publication-quality images must be obtained from SCALA Group, the Museum's agent for licensing and distribution of images to outside publishers and researchers.

If you wish to quote any of this material in a publication, an application for permission to publish must be submitted to the MoMA Archives. This stipulation also applies to dissertations and theses. All references to materials should cite the archival collection and folder, and acknowledge "The Museum of Modern Art Archives, New York."

Whether publishing an image or quoting text, you are responsible for obtaining any consents or permissions which may be necessary in connection with any use of the archival materials, including, without limitation, any necessary authorizations from the copyright holder thereof or from any individual depicted therein.

In requesting and accepting this reproduction, you are agreeing to indemnify and hold harmless The Museum of Modern Art, its agents and employees against all claims, demands, costs and expenses incurred by copyright infringement or any other legal or regulatory cause of action arising from the use of this material.

NOTICE: WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

Revised Edition!

MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAYS

Prepared and approved by the National Joint Committee on Uniform Traffic Control Devices, the newly revised Bureau of Public Roads *Manual* reflects widely accepted and time-tested traffic control practices in the design and application of control devices, as well as extensive research into the principles of safe and orderly movement of vehicles and pedestrians. This new edition includes, for the first time, specific standards for expressway signing, a major section on signing and marking for construction and maintenance operations, and a brief treatment of civil defense signing. An appendix containing many definitions of pertinent terms is also included. 1961. 333 p. il.

HIGHWAY TRANSPORTATION CRITERIA IN ZONING LAW AND POLICE POWER AND PLANNING CONTROLS FOR ARTERIAL STREETS.

The first and largest portion of this publication presents a case-by-case discussion of zoning criteria that are responsive to transportation needs, recommends new criteria that should aid in achieving planning and transportation goals, and develops a plan of action that would encourage the use of all zoning measures that can help to accomplish traffic and transportation objectives. The second part explores ways in which police power regulations, access control provisions, and land-use and planning controls can be used to halt the internal and external causes of deterioration, and to develop the maximum effectiveness of existing arterial streets. 1960. 81 p.
