Dear Miss Cogswell:

Enclosed you will find a brochure regarding the Fiedel School. Mrs. F. Jalayer spoke of her conversation with you and suggested that we forward this to your agency.

The "List Art Poster Program" administered by the A. F. A. is an exciting function in its service to the artist and the community. It would be the realization of a dream, if after ten years of dedication to innovation in arts education, community service and cultural growth, we could commemorate this, our tenth anniversary with an original Poster announcing one of our major events for 1966.

The Fiedel School and its Board of Trustees, have presented to the general public, with the aid of two grants from the New York State Council on the Arts, the Clarion Wind Quintet, the Krainis Baroque Ensemble, The Fine Arts Quartet, the Festival Orchestra of New York and Erica Morini, violinist. In the Fine Arts it has recently presented in the school's own galleries, the work of Pablo Picasso, Jules Olitsky, Richard Lippold, Andrew Wyeth, Winslow Homer, John Singer Sargent, Frasconi and others. Last year it mounted two shows in association with the Whitney Museum of New York and the Rockefeller Foundation. The Directors of the School have composed and presented original operas with children employing a strong amount of improvisation and contemporary techniques. The last, a work called "The Now Noah" was written in conjunction with the American poetress Winthrop Palmer. Many outstanding educators and artists have sent their children to this school including Allen Austill, now Dean of the New School for Social Research, Richard Lippold, Jules Olitski, Pierre Bourdelle.

The School has sponsored Community Service Arts Festivals in conjunction with the local public schools.

This year, the Directors of the Fiedel School and the Parents Council are presenting in their Annual Bayville Duo-Arts Festival, which includes the surrounding Communities of Locust Valley, Oyster Bay, Glen Cove, Jericho, Syosset and Brookville, The Royal Norwegian Festival Orchestra under the patronage of the King of Norway, directed by Oivin Fjelstad, with the Scandinavian pianist Robert Riefling, on Saturday Evening, March 12th. We are also considering a major exhibition of Contemporary Scandinavian Art to be held in conjunction with the concert.

The Fiedel School is located on a five acre campus and has fifteen separate departments and an arts oriented and experimental certified pre-school and kindergarten Division. As you will note we are a non-profit, cultural and educational institution chartered by the New York State Board of Regents and approved as a tax exempt charity by the United States Treasury Department.

Thank you for your kind attention. We would be delighted to hear from you.

Dear Mr. Luck:

I first learned of the List Art Posters by reading about it in an article in Art in America. I would like to congratulate the foundation in their efforts and the wonderful results that you have realized. In this era where artists are endeavoring to discover new methods and new expression of art, I feel that they have lost sight of the value of tradition.

What better and more subtle way to instill in the general public the love of contemporary art than in posters. If this were left to commercial methods alone, (i.e. bill board type art) public taste would remain mundane.

I feel the same holds true for the field of the decorative arts or crafts if you will. Exciting, beautiful things are being created by the professional craftsman of today but the general public knows only that which is produced commercially, some of which is good and most of which is very bad.

The Columbus Gallery of Fine Arts feels that the designer-craftsman should have a showcase for their works where the public could view and come to appreciate the fine, creative things they do. The Beaux Arts Club, of which I am a member, together with the gallery holds a competetive, juried biennial exhibition for the craftsmen of Ohio. It will be held this year from March 5th to the 31st.

I would like to apply to the List Foundation for a poster to announce and promote our show. These posters would be sent all over the State to Schools, Universities, Libraries, Galleries and so forth.

Re: The Downtown Community School

Dear Roy:

Confirming our telephone conversation of last night the Downtown Community School is planning to hold an "Art Week" from March 19-25, 1966. I am enclosing four copies of a brochure describing the School.

The Art Week will include the following:

1. An exhibition of approximately 75 to 80 works of art contributed by well-known artists. The works of art will be on exhibition from the 19th to the 25th and on the evening of the 25th the pieces will be auctioned at the School to the highest bidders. The School is endeavoring to keep the price range of the works contributed to the $50 to $500 area. Alfred Hansen will be the auctioneer on the 25th.

2. During the week of March 19, the School is going to offer tours of well-known artists studios which will be opened to the children of the Downtown Community School and possibly to other schools.

	WSL	II.A.70.b

The School is in the process of arranging with well-known artists for tours of their studios. The first artist to agree to such a tour is George Segal.

3. During the same week the school is also planning a tour for adults of studios of five well-known artists. The adults as well as the children will be transported by the School's buses.

4. On the 23rd of March, the School is planning a panel discussion by five persons well-known in the arts. Dore Ashton who is a parent of a Downtown Community School child will be one of the participants.

The members of the Downtown Community School Art Week Committee include the following individuals, all of whom are parents of Downtown Community School students:

Ruby Janis
Phoebe Sonnenberg
Wolf Kahn
Marcia Mareus
Connie Corrigan
Kyle Morris
Valerie Peterson
Fred McDarrah, et al.

The Chairman of "Art Week" is Barbara Dydek.

The Downtown Community School would very much like to have a poster prepared for the Art Week by a well-known artist and would appreciate the assistance of the American Federation of Arts in helping to make this possible.

There is probably no other private school in New York City that offers as strong an art program from the nursery school upwards than the Downtown Community School. Downtown Community School has had an annual art benefit for each of the 20 years of its existence. Its student body has always consisted of the children of some of this country's best known artists.

Needless to say, I would be very grateful for whatever consideration you can give this request.

I have asked Barbara Dydek to try and come up with the name or names of one or more well-known artists who would be willing to do the poster and hope to have names to submit to you within a few days. However, if you have any suggestions to make, we would be delighted to receive them. Janet and I have two children (Jonathan 5 and Lizzie 7) attending the School and I am on the School's Board of Trustees.

With kindest regards, I remain,

Yours sincerely,

Whether Baskin carves bold contrasts of forms or traces the most delicate of lines, his use of traditional black and white, one of his greatest strengths, is essential to his conception of printmaking. November 16, 1965

Mr. Albert A. List
Chairman of the Board
Albert A. List Foundation, Inc.
1740 Broadway
New York, N. Y. 10019

Dear Mr. List:

At the suggestion of Mrs. List we are writing to summarize the activities of the poster program conceived in April 1964 and sponsored by the Albert A. List Foundation. This is being written to analyze developments to November 1, 1965.

Enclosed is a list by years of posters commissioned. This is not complete because of agreements still in negotiation for the commissioning of three posters.

In the beginning of the program it was understood that approximately six posters per year would be feasible. Eighteen were actually commissioned. When the Lincoln Center funds were added, four more posters came under our administration.

The first consideration was to be the stimulus of new approaches to poster design by using creative artists in virtually every medium except commercial art. This in itself required much more lengthy discussion and closer attention to all phases of production than working with commercial designers would have.

By providing 50 posters for each event and by distributing 500 copies to AFA chapter members the intention was to give these new concepts the widest circulation among art organizations. Last year many unproductive investigations regarding sale of the limited edition and of the overrun of the commercial edition were carried out. We learned from dealers in prints that these stocks undoubtedly had great value as a potential in recovery of funds. However, they were unanimous in declining to handle them at once. We were assured that after a few years had gone by with continual distribution of posters across the country the demand would make itself felt.

After our first distribution of 7 posters we were told by the Albert A. List Foundation to stop this distribution, and the

FOR STUDY PURPOSES ONLY. NOT FOR REPRODUCTION.

The Museum of Modern Art Archives, NY	Collection:	Series.Folder:
	WSL	II.A.70.b

original plan of operation was altered and our purposes were changed. A Poster Club was created for the distribution of the limited edition which, by funds received, returned a considerable amount of money to the program. An agreement was entered into with Posters Originals, Ltd. who undertook the production of the commercial run with the intention of promoting large sales nationwide. A percentage of sales reverts to the List Poster Fund. By virtue of this agreement, however, AFA has no posters for its own distribution unless it buys them.

Because the program has created over three times as many posters as we originally intended and because of the tremendous amount of attention paid to accounting and other office procedures concerning sales, which it was never AFA's intention to become involved in, our small staff cannot handle this unexpected burden. We consider ourselves to be an educational institution and our primary purpose is in improving the quality of art and seeing that it is distributed widely to centers that would not otherwise have the opportunity of seeing such achievements.

The income from club and commercial sales has not returned to the fund sufficient monies to warrant our expectation that more than three new posters can be executed in 1966.

Enclosed is a projected financial analysis of anticipated costs which will serve to explain our position. We foresee a few small returns, however do not think that we can go beyond this point on income. We feel now that a decision must be made as to the future of the program. If it is to continue, sufficient money must be received to commission new posters and to administer the growing distribution program. An estimated budget is attached.

Sincerely,

Roy Moyer, Director

October 13, 1965

Dear Mr. Luck:

It was a pleasure to meet you last week and to visit again the inviting headquarters of the American Federation of Arts.

As I explained during my visit, we have received a rather unusual but nonetheless worthy request from our Embassy in Rio de Janeiro. Mrs. Lincoln Gordon, our Ambassador's wife, was struck during a recent visit of some of our 67 binational cultural centers, by the paucity on the walls of pictures and other illustrative materials by U. S. artists. Mrs. Gordon has asked our Public Affairs Officer to explore with us the possibility of obtaining appropriate material for use in these cultural centers. The samples you showed me of the List Art Posters would indicate that they would be eminently suited to grace the walls of these centers. They would indeed serve to add color and beauty as well as to present to Brazilians still another example of our efforts in the cultural field. It would further serve to point up the enormous contribution being made in our country by such Foundations as the Albert A. List Foundation.

Having seen the stunning samples, I hope all the more that it will be possible to obtain a full set for each of the 67 cultural centers in Brazil.

I know you will do what you can to help us fill this worthy request. With best wishes

Sincerely yours,

Joseph F. Privitera

Dear Miss Cogswell:

I would very much appreciate your consideration regarding our doing a poster under the List Art Poster project. The non-profit Pratt Graphic Art Center will have a benefit exhibition in January, 1966 and it would be a great help to have a poster circulated covering this event.

I could submit a long list of artists who would prepare the art work for us but will limit my nominees to two men, Paul Jenkins and Jack Youngerman. Either one of these artists would make a major contribution to the poster artists used to date.

Re: List Art Posters

Dear Sirs:

Further to our letter of September 3, 1965, we give you below a recapitulation of sales and returns for the months of July, August and September, 1965, showing a net amount of $390.42 due to us as follows:

	Total	Sales from Inventory	Royalties
July	$1,313.60	$1,312.00	$ 1.60
August	630.84	615.00	15.84
September	674.58	600.50	74.08
Total	$2,619.02	$2,527.50	$ 91.52
Less returns	1,065.00	1,065.00	-
Net due AFA	$1,554.02	$1,462.50	$ 91.52
Less payments	1,944.44	1,927.00	17.44
Due POL	$ 390.42	$ 464.50	($ 74.08)

We suggest that you hold the amount to our credit as sales in October have been substantial and virtually all posters returned have been sold again.

We are enclosing our Credit Memo No. 3 covering our September sales, as well as a Debit Memo No. 1 covering the returns.

In view of the fact that during this early introductory period sales are still being made on a promotional basis, which entails advertising allowances included in the price as well as a return and/or exchange privilege, we would like you to consider another method of reporting and/or payments to allow sufficient time to pass in order to know whether "the sale" is to be eventually adjusted. Several sales in October are on this basis, so we shall only know at the end of December as to the adjustments.

Dear Vera:

The reason I suggested considering Puerto Rican artists for the Poster Program was because I thought we were anxious to spread out the geographical representation of the production of the posters. If you recall this worked out very well with Isobe in Japan.

The request for a poster, I forget the exact event, has some relation to Latin America. An artist from Puerto Rico, I would recommend either Tufino or Martorell, seems a natural, and in Puerto Rico they have excellent facilities for producing silkscreen prints as originals.

My few weeks vacation seems to have disappeared, but the trip was fascinating, especially Libya. I was very sorry to have missed the reception for Sam; our plane flight was advanced.

My very best.

Dear Mr. Motherwell:

We are delighted with the results of our telephone conversation this morning. Your generous agreement to participate by providing a design for a poster for the List Art Posters Program will give it immense stature. Your further most generous offer to make the design a gift to the program is exceptional and most thrilling in the eyes of the Committee.

Enclosed is a copy of the application for the poster we have been discussing. The text, the type face, and the production will all be handled by Miss Margaret Cogswell, Head of our Department of Publications, in consultation with you and Irwin Hollander.

Display of the poster in Washington will include out-of-door poster stands, where the announcement will attract the widest possible audience.

Please forgive my tiresome repetition of the deadline date, which is October 29th.

Dear Mr. Luck:

Thank you very much for your letter.

We have heard about the proyect of the Albert A. Lister Foundation to encourage the art of the poster.

Here in Puerto Rico we are very proud of the achievements made by our leading graphic artists in the art of the poster.

The leading artists are:

1- Lorenzo Homar - Taller de Artes Gráficas, Instituto de Cultura Puertorriqueña, Apartado 4184, San Juan, P. R.
He is considered the best graphic artists of Puerto Rico.

2- Rafael Tufiño - Taller de Artes Gráficas del Instituto de Cultura Puertorriqueña, Apartado 4184, San Juan, P. R.

3- Carlos Marichal - Depto. de Bellas Artes, Universidad de Puerto Rico, Río Piedras, P. R.

5- Antonio Martorell - Educación de la Comunidad

Under separate envelope, I am sending you material of these artists.

With respect to printing in Puerto Rico, in case you refer to silk screen, there are various small workships which produce limited editions in this media. The three I know best are:

1- Workshop of Avilio Cajigas
2- Workshop of Manuel Hernández
3- Pava Print.

You can write them c/o the Institute.

Hoping to hear for you again on this matter, I remain,

Dear Bob:

We are very distressed to have to let you know that we can not use the Afghanistan poster designed by Bob Rauschenberg. Its main trouble is that it would be offensive to the Afghan Government, containing as it does such frivolities as doughnuts, baseball players and racing cars mixed up with treasures from the Kabul Museum.

However, quite aside from this element, it is not much use as a poster since the lettering is nearly illegible due to whimsicalities, such as words spelled backwards and letters omitted or dancing in the air above their forgotten bodies. I am afraid that the artist has overlooked the fact that the poster is supposed to advertise an event, in this case an exhibition of artefacts from ancient sites. People would never learn this from examination of his design, nor has it even a poetical illumination to excuse it.

We had supposed that Mr. Rauschenberg would himself discuss the exhibition with the American Federation of Arts. It never occurred to me that he would not adjust himself to the needs of the event, as would normally be the case with any artist who is producing a commission.

We all know that Bob Rauschenberg is a major American artist and we all enjoy his productions, but in this case the unsuitability of the image prevents our approval.

Should it be used as an independent "work of art," we will appreciate it if you will kindly remove our name and that of the Los Angeles County Museum of Art from the image, as we can not approve it.

We hope that the Lists will understand. Thanking you not only for your sympathetic view of our situation but also for the great effort which has been expended on this undertaking, I remain

Albert A. List Resigns From All Active Posts With Glen Alden Corp.

Paul Johnston, President, Named New Chief Executive Officer; Meshulam Riklis Now Chairman

By a WALL STREET JOURNAL *Staff Reporter*

NEW YORK—Albert A. List, industrialist who sold most of his family's holdings in Glen Alden Corp. last year, resigned as chairman, chief executive officer and a director of Glen Alden.

Paul A. Johnston, Glen Alden's president since last March, was named chief executive officer; Meshulam Riklis, chairman and president of McCrory Corp., was named chairman. Mr. Riklis was previously Glen Alden's vice chairman. McCrory Corp. purchased the List family holdings in Glen Alden and, through a tender offer to other shareholders, acquired a 49% interest in Glen Alden.

Mr. List's retirement from Glen Alden wasn't unexpected. He is known to have been devoting more time recently to philanthropic activities. Also, Mr. Riklis and his associates have recently taken a more active role in Glen Alden's affairs, including an unsuccessful attempt to take over McKesson & Robbins, Inc.

Mr. List also resigned from the board of McCrory Corp., but retained the title of honorary chairman of Glen Alden. He and his family retain a substantial holding in Glen Alden and, through terms of the sale agreement with McCrory, considerable influence in directing Glen Alden's future course. Mr. List is also one of the largest shareholders of Rapid-American Corp., which owns 51% of McCrory.

Glen Alden mines coal, makes textiles and operates the RKO movie theaters. McCrory is a diversified retailing concern which also owns 99% of Lerner Stores Corp. and 19%—and effective control—of S. Klein Department Stores, Inc. Rapid-American's chief asset is its holding in McCrory.

Dear Miss Cogswell:

Thank you for the application blanks for the List Art Poster Program.

I have filled them out and am returning them, attached. I do not know if I should have applied for a poster for the entire festival or for just one event.

For example, we have engaged the National Symphony Orchestra for two concerts on April 19 and could use a poster on that event alone. However, I would prefer a poster that could remain posted for some time to act as a constant reminder to the students and local public that we are offering a continuing series of events in connection with the opening of our new building.

I have included a photo of a rendering of the building should we qualify and the artist wants to work in an element representing the building. I would hope that the artist would convey the idea that the festival will include, art, music, drama, dance, and literature events.

Thank you for your consideration.

NOTE: This festival will include numerous engaged and college-produced events that will open with an open house-art exhibition on Oct. 17 and may end with two concerts by the National Symphony on April 19.

Comments: Marietta College is planning a series of events (art exhibitions, and performers in the areas of drama, music, dance, and literature) in connection with the opening this fall of its $1,500,000 Grover M. We need a poster for display throughout the area to supplement other publicity and would likely use the poster design for a planned brochure cover and other printed material related to the festival.

Dear Mr. Moyer:

Thank you very much for sending us the April 1965 issue of Art in America. We are very much interested in the List Art Posters Program. We would like to submit two major exhibitions next year for consideration in the Poster Program. One is the exhibition of paintings and drawings by George Inness, to be initiated by the Tucson Art Center, and shown there from 26 November 1965 to 2 January 1966. The other exhibition is that of the Colonial Arts of Latin America, also initiated at the Tucson Art Center and showing there from 8 January 1966 to the 12 February 1966. This latter Show includes paintings, furniture, decorative and household arts in Spanish America during the Colonial period.

Our inclusion in the List Art Posters Program would, of course, be a remarkable morale boost to our relatively small Center, which is, however, growing with great rapidity. Our budget for the 1965-66 year has just been approved by our Board and represents a jump of over fifty percent.

Please let us know whether you want additional information for our participation in this program.

Cordially,

Mr. Robert H. Luck, Head

The American Federation of Arts

Dear Bob:

Thank you for sending me the application form for the List Art Poster Program which you will find enclosed, duly filled out. I am particularly anxious that either Jasper Johns or James Dine be approached if the commission of this poster be approved, for both artists will be represented in the exhibition.

If I can turn to another subject: I met with the president and administrative officers of the School of Design and we determined that to participate in the visiting artists' program would not only be feasible, but an excellent idea. Our participation cannot, however, take place in 1965-66. Is it too early to begin to plan for 1966-67 - hopefully the fall of '66? It must be understood that the program we establish for the artist in residence would necessarily have to have a double orientation - towards the School of Design, and secondly towards the City of Providence. The distinction is important because, as you realize, there are over one thousand students here urgently concerned with painting.

Can I hear from you further on this?

Best regards,

Daniel Robbins

The American Federation of Arts is administering a program of the Albert A. List Foundation, commissioning artists to design and execute original posters for cultural events in the United States.

This project is intended to encourage fine artists to create imaginative posters in the media of lithography, engraving, woodcut or serigraphy, and new experimental media. There is a limited edition of 100 on fine paper, each signed and numbered by the artist. In addition, there is a facsimile edition reproduced for distribution to all A F A Chapters.

Non-profit institutions, including museums, university galleries, civic orchestras, and theaters are invited to apply to The American Federation of Arts for consideration. Commercial cultural enterprises seeking to improve the quality of their posters are also invited to apply.

Dear Vera:

You have both been so generous to the Museum as well as to myself that I hesitate to request that you come to the Museum's assistance again.

Last week, while I was at the Jewish Museum, I studied very carefully the Jim Dine suite based on The Book of Genesis, and I found the work not only handsome, but extremely moving.

Would it be possible to obtain a copy for the collection here? We already have all the other prints issued by Universal Limited Art Editions, and this would really be a valuable addition.

Thanks Vera, and my very best.

Dear Bill:

Below we list what has been standard for each poster commission.

In talking with Josef please determine what his fee for the design will be and also the cost of paper and pulling 100 of the signed limited edition. Also included in [illegible] will be color separations keyed for mechanical reproduction in this country. We do not wish to print the long machanically reproduced run of posters abroad.

Fee to artist (maximum) $1000
Pulling 100 prints, on fine paper, signed and numbered 500 to 1000

Obviously he should not think in terms of more than five or seven [illegible] printing the long run.

If Peg Cogswell has thoughts on this, I will ask her to drop you a note in Tokyo. I am going to be on jury duty beginning February 1st and if you have any questions please take them up with Peg and Roy.

Bon voyage.

Sincerely,

Robert H. Luck, Head

Dear Bill:

Below we list what has been standard for each poster commission. Mrs. List thinks that costs should be considerably lower in Japan.

In talking with Isobe please determine what his fee for the design will be and also the cost of paper and pulling 100 copies of the signed limited edition. Also included in that will be color separations keyed for mechanical reproduction in this country. We do not wish to print the long mechanically reproduced run of posters abroad.

Fee to artist (maximum)	$1000
Pulling 100 prints, on fine paper, signed and numbered	500 to 1000

Obviously he should not think in terms of more than five or seven colors because of the cost of printing the long run.

If Peg Cogswell has thoughts on this, I will ask her to drop you a note in Tokyo. I am going to be on jury duty beginning February 1st and if you have any questions please take them up with Peg and Roy.

In connection with the List Poster Program I would like to recommend that Mrs. Barbara Kulicke be consulted should anything be done with banners.

I assume that your circulating show indicates that you are as enthusiastic about her project as I.

Dear Jean:

I have been travelling so frantically that I am not sure I have answered your note about The List Poster Project.

The program is very exciting indeed and I would be delighted to write a short piece. However I think it should wait until the program has been in existence a full year, in other words about four or five months.

Works by Albers and Lindner have not yet been printed and in a few more months, the total number of posters should be about twenty-five.

I'm off for Tokyo tomorrow but perhaps we can get together in December when I return.

My very best,

Sincerely,

RE: Meeting of July 15, 1964

The following points were established as policy in considering future applications:

1. The exhibition for which the poster is requested must originate with that institution.

2. Events in the performing arts (drama or music), must be the premiere of an original work or of comparable significance.

3. If a request for a poster for a one-man exhibition is granted, the artist will be asked to provide an original design free of cost. The Foundation will pay the cost of production. Twenty to twenty-five artists proofs may be retained by the artist. Agreement must be reached regarding a single selling price.

4. One week prior to each committee meeting, copies of all new requests will be sent to committee members.

Dear Abe:

Unfortunately I must leave for Japan tomorrow, but I do want to tell you personally how successful I think the poster project has been so far. At present it must remain a pilot program -- it has been in existence not even a full year. However, the work accomplished thus far has been a considerable achievement.

It is of course extremely difficult to produce works which are effective as posters as well as distinguished as works of art. But, as I see it, the chief and stimulating purpose of the project is to attract as designers leading painters and sculptors.

At yesterday's meeting we saw a trial proof of the Lindner poster. It will be very good. I think the one by Albers will be even more impressive.

The costs of the project, as you know can not be earned back by the sale of the limited signed editions. However, when a sufficient amount of posters have been produced, I believe an exhibition can be arranged which would return to the project a fairly substantial sum. It is much easier to sell twenty than one. Such an exhibition could happen perhaps a year from now or possibly even earlier.

I have accepted the invitation of Art in America to write about the program. Such an article, I think, should be timed to a visual demonstration, in other words an exhibition, of what has been done.

I write now to say I hope the List Posters can continue. They have been admirably administrated, and the staff of AFA and those of us on the committee have been able to enjoy the excitement of the project.

LIST

ALBERT A. LIST FOUNDATION, INC. POSTER PROGRAM

	COST	INCOME
We should make 6 posters during the year of 1000 each, plate -- 250 signed and 750 unsigned. The cost should not exceed $30,000 assuming some posters were sold and others given away.	$30,000	$15,000
25 stanchions	25,000	10,000
Ruder & Finn cost for following the program.	7,500	-------
Mailing of 6000 posters	6,000	3,000
We should ask the various museums and people who are interested in these posters to send us $6.00 for 6 mailings and we would agree to give the posters free.		
TOTAL	68,000	28,000

The first year we should have a cost of $40,500 operating this program. The following years the cost would decrease by the $15,000 stanchion one-time expense so that the project cost would be in the neighborhood of $25,000 per year or less from then on.

This would be based on how successful we are in selling the 6000 posters assuming we gave away 1800 and sold 4200 at an average of $5.00 each. Then our cost would be in the neighborhood of $17,000 annually.

There will be a Policy Committee of 3, Vera G. List, David Finn, William Lieberman. Bill Lieberman should be employed as a consultant at $1,200 a year.

Dear Vera,

I went to the opening of the Pratt print show Wednesday evening, and was sorry not to have seen you both there. The turn out was good.

The show itself I think is excellent. Although I am a trustee at Pratt I had no idea of the variety of work. I was particularly impressed by the number of artists from abroad who have been able to work there.

I hope the show can be seen elsewhere in the States.

My very best to you both, and I look forward to the weekend I will spend with you.

FOR IMMEDIATE RELEASE

ALBERT A. LIST POSTER PLAN ANNOUNCED

The American Federation of Arts announces that it has been appointed to administer a program of the Albert A. List Foundation commissioning artists to design and execute original posters for cultural events in the United States.

The posters will be available to institutions for public display. There will also be a limited edition, each signed and numbered by the artist who personally prepares the stone, plate, block, or screen.

Re: The List Art Posters

Dear Roy:

Just a few suggestions for possible changes in your excellent release.

Second paragraph: This project, The List Art Posters, is intended to encourage fine artists not employed in commercial design to create imaginative posters in the media of lithography, engraving, woodcut or serigraphy. The posters will be available to institutions throughout the country for public display. There will also be an edition limited to 250, each signed by the artist who personally prepares the stones, plates, blocks or screens.

Do you think four months sufficiently in advance for the applications?

CONDITIONS, Commercial organization: Paragraph four: perhaps " to bear costs for posters for commercial cultural enterprises" spells it out more clearly.

Dear Mrs. Chanin:

Thank you so much for your kind invitation of March 10 to join you and the members of the Women's Division of the American Jewish Congress at the luncheon to honor Mrs. Albert A. List.

Unfortunately I must work at the Museum at Ottawa for a week beginning March 22 and therefore will be unable to attend.

I feel very fortunate indeed to know and admire both Mrs. List and her husband. Their interest in The Museum of Modern Art will contribute much to our reopening in May.

As you will see from the attached invitation we are presenting an award to Mrs. Albert A. List for her "Distinguished Service to the Arts and to Jewish Culture" at a luncheon at the Hotel Plaza on March 23rd.

It has been suggested that you might wish to join us in paying tribute to this very great lady on that day.

There will be a reception for the guests of honor prior to the luncheon in the Mayflower Room of the Hotel Plaza at 11.45 a.m. and if you are planning to be present, we hope that you can join us then for a few informal moments with our distinguished guests.

Louise Waterman Wise,

with a handful of women, organized the National Women's Division of the American Jewish Congress in 1932 and served as its first president. Her energy, her devotion and her love served to rally tens of thousands of women in the struggle against Nazism, the drive to establish a Jewish State in Palestine and the work of winning full equality in a free society for all Americans.

In establishing the Louise Waterman Wise Awards, the Women's Division honors the memory of its beloved founder by paying recognition to women living today who have made outstanding contributions to the causes to which she dedicated her life.

Dear Roland and Lee:

Friends of the Museum and important supporters of modern art in New York are in London for a very few days - MR. AND MRS. ALBERT A. LIST. They are staying at Claridge's and will leave for the United States on Saturday.

Mrs. List is particularly interested in sculpture and owns two large pieces by Henry, as well as a good representation of several other and younger British sculptors.

The reason for their trip is to see as much as possible in the galleries and in artist's studios.

If either of you has a moment I think you might try to meet them and I personally would appreciate it very much.

My very best.

Dear Mr. Luck:

Thank you for your reply received today. Enclosed is the completed application blank. Also, I am enclosing our 1963-64 brochure. May I please send you enough copies to distribute to your committee members?

We would be very happy to have a poster by an abstract artist. We have discovered that our only two artistic posters have been far more popular with college students than our pictorial representations. The two artistic designs were donated, and we are reluctant to ask the artist to make a third donation. Furthermore, we would like to vary the style.

As for quantity, we can use all the posters you can give us. We work on about 600 campuses, and each campus likes to have a number of copies to post around campus. We could actually use as many as 3000 copies. If we must purchase those beyond the first 50 copies, our order would depend upon the cost.

We look forward to hearing from you.

Dear Mr. Ortman:

It is hard for me to express our delight with and gratitude for your poster for our "1914" exhibition. As I am in charge of the exhibition, I had wondered, when I heard that the AFA and the List Foundation had so generously commissioned a poster for our big event, what such a graphic work should look like, and I have to admit that I was unable to find any solution. Now your poster has arrived, and in my opinion it presents an excellent solution in every way. First of all it is a work of art, beautifully executed, and it conveys the idea of the exhibition. May I say that your work is greatly appreciated, so far only by our staff because it has not yet been distributed, and I am certain that it will prove as successful with the public. I hope you will see the exhibition you so well anticipated.

With kindest regards,

Sincerely yours,

Dear Bob:

I am sorry to tell you that our Afghanistan exhibition is postponed, and we will therefore have to postpone the poster project or transfer it to another show.

The Asia House Gallery hopes that you will be willing to shift to another exhibition, so that we may have a good poster this coming season. Our other two exhibitions are MASTERS OF THE JAPANESE PRINT: MORONOBU TO UTAMARO (October 8 to December 13, 1964) and RELICS OF ANCIENT CHINA FROM THE COLLECTION OF DR. PAUL SINGER (January 14 to March 28, 1965). Possibly the latter will be the best choice, as it is not imminent.

Dear Mr. Luck:

Thank you for your letter of July 17th concerning our application to the List Art Posters Committee.

Further information on our College of Fine Art "Focus on Fine Art" is as follows:

The College of Fine Art of the University will present its 5th Annual "Focus on Fine Art" which was designed primarily to direct attention to the contributions of the various schools to the culture of the community and the University. The Schools of Art, Architecture, Drama, and Music as well as the Museum of Art present a series of exhibitions, recitals, concerts, lectures, films, and productions in drama and dance during the three week period March 1 to 25, 1965.

Naturally, the events are too numerous to indicate on a poster. They have included in the past, lectures by August Heckscher, Douglas MacAgy, Bernard Arnest, Lawrence Sickman, James Johnson Sweeney, Lloyd Wright, Paolo Soleri, Dame Eva Turner and others of similar stature.

Faculty recitals in piano and violin and orchestra and choir concerts by the School of Music are also scheduled for the program. The Drama production for this year will be Plautus' The Braggart Warrior.

The Museum of Art exhibitions during this period includes The Young Talent in Oklahoma and selections from the permanent collection including works by Max Weber, Abraham Rattner, Ben Shahn, Adolph Gottlieb, Loren MacIver, Charles Howard and others.

Ballet and modern dance performances by Yvonne Chauteau and Miguel Terekhov are usually part of the program. Art films of international reputation are presented on the campus as well as in local cinema houses as part of the "Focus" program. I trust that the above description will be helpful to the Committee.

Re: 150th Anniversary,
Great Neck Public Schools

The Committee rejected this request. Mr. Agins (see letter attached) telephoned me in great distress saying that they would not, as suggested by us, have any other event in the future for which they would request a poster.

He pointed out that this was, for them, the most important event until the next Anniversary - 150 years from now.

I suggested that if he wished to write again, explaining his case, I would again bring it before the Committee. Page 2 of his letter of August 5th is especially interesting.

Dear Mr. Luck:

Because it may be at least 50 years before we again apply for a commissioned poster, I want to express my thanks to you for our very pleasant conversation, and for suggesting this letter. Surely your committee will re-evaluate our 150th anniversary celebration as one not likely to recur for the 1965-66 season. In the year 2014 we might be happy to apply again. By then our art conscious community, now over 45,000 people, will be the inspiration of other communities, both on the moon and on earth.

A major project of our sesquicentennial will feature a gala art show in June, 1965, in a huge local shopping center. Included will be a special section reserved for the 10,500 students of our school district.

The opening of the school year will feature an extraordinary exhibition of local art objects loaned to the schools by local residents. This show will be in one of the schools and will serve as an effective stimulant to the student body already heavily involved in art studies.

The Adult Education program, in which more than 5,000 local residents are enrolled, includes in its curriculum a wide variety of art courses ranging from painting, sculpture and the history of art to visits to museums and commercial art galleries. In addition, local exhibitions of paintings and sculpture open and close throughout the year.

A poster for the June art show would do so much to set the tone for all of our activities. Paintings sold at this show will go toward the purchase of "enrichment" for the schools. We hope to realize enough to buy many valuable paintings and sculpture which would serve as part of a permanent gift to the schools from all of our sesquicentennial projects. The celebration is scheduled to end at the high school commencements at the end of June, 1965.

Your further consideration and acceptance of our application would be very greatly appreciated.

Sincerely yours,

phoned you August 27, 1964

I have since spoken with him re one of his requests and he phoned Monroe Wheeler. I don't know the outcome. It was about selling reproduction.

His second request was about a program of original posters which has been financed by Dru Heinz. I do not know whether all the commissions have been given, but it sounded that way. He mentioned de Kooning and Marisol as two of the artists. He is interested in discussing a possible exhibition of the posters.

I told him to get in touch with us after September 14. You may wish to phone him yourself.
