Forty Lakeland Regional High School students accompanied by two teachers, Mr. Richard DeHaven and Mrs. Constance Fox, and Mrs. Marjorie Youells, a parent, visited the Museum of Modern Art in New York today (Wednesday, February 10) as part of a school program to broaden their interests and cultural background.

Among the exhibitions they saw were paintings and sculptures from the Museum's Collection, arranged chronologically to give a history of modern European and American art from 1875 to the present, a selection of chairs, china and household objects from the Design Collection, also covering about the same period, and a sampling of prints and photographs.

The major loan exhibition on view which they visited was recent paintings and sculptures by 16 Americans. This is one of a series of similar American exhibitions presented by the Museum periodically. They also visited the Art Lending Service Retrospective, an exhibition of 58 paintings, sculptures, prints and drawings sold through the Museum's rental service.

They examined a 13'7" x 6' x 5'2" high model of the additional wing the Museum plans to build at the conclusion of its 30th Anniversary Fund Drive and walked through the Sculpture Garden and saw an outdoor show, three structures by Buckminster Fuller: a radome and two experimental projects.
